Those were the good times, the best times.

Homecoming provides a fine weekend in October.

At a special assembly on Thursday, October 3, the 1974 Homecoming activities commenced. With soft music in the background, the six candidates and their escorts were presented to the student body. Competing for this coveted title of Homecoming Queen were the Misses: Mary Jo Bambauer and Laurie Root from Mercyhurst High School, Kathy Detzel and Beth Salvia of St. Benedict Academy, and Mary Bean and Maureen Lindsay representing Villa Maria Academy.

Excitement continued on Friday evening as the Ramblers overpowered East High 27 to 6. At half-time, Miss Kathy Detzel was crowned Cathedral Prep's Homecoming Queen for 1974. She was escorted by John Ruth.

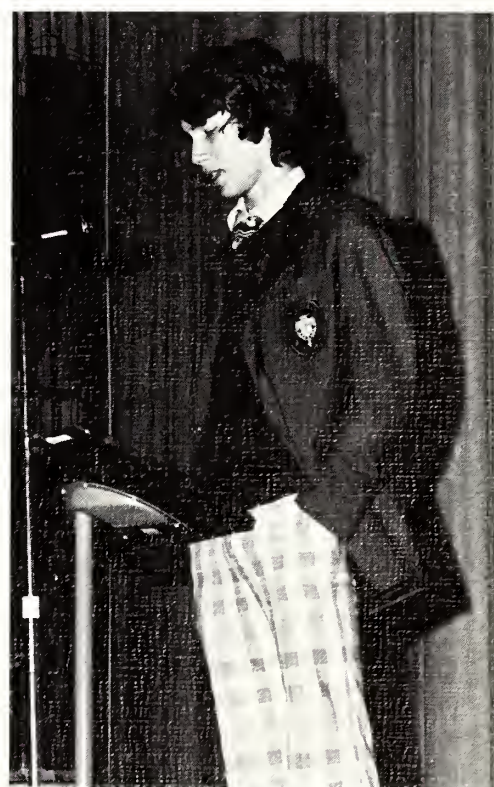

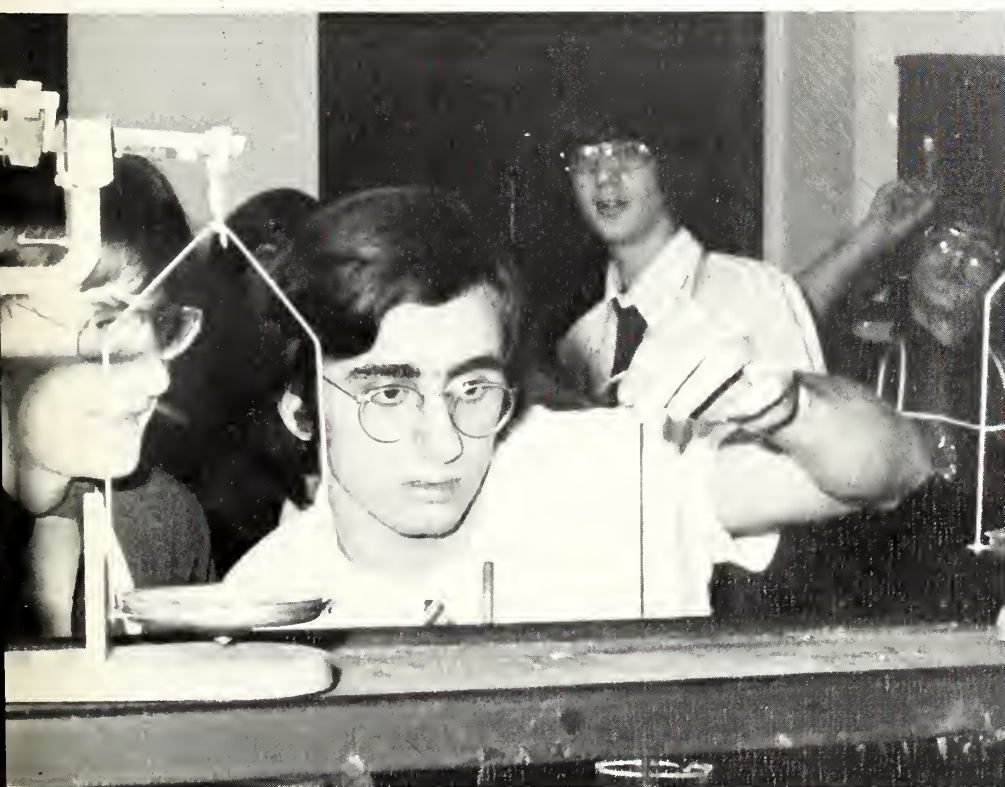

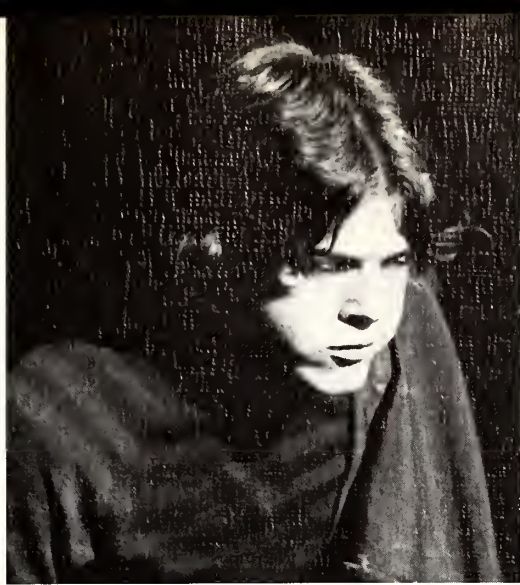

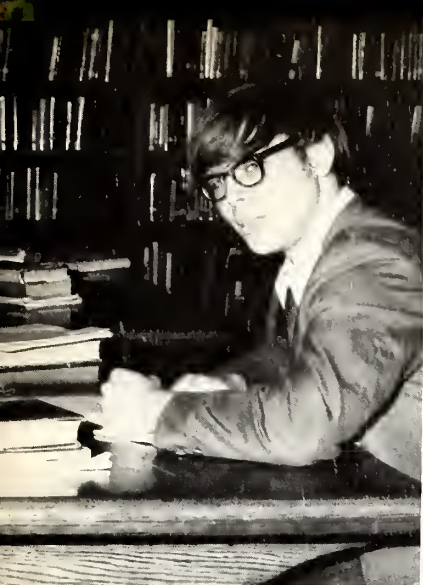

The school gymnasium was the setting for the Harvest Dance on the following evening. Against a background set in a rustic motif, couples danced to the lively music of "The Accents." The night was memorable—a fine closing to an enjoyable weekend of festivities.

Moods at Prep vary. The good times do not always last, but often give way to more somber experiences. These serious moments are numerous and necessary — whether it is helping a friend with a math problem, studying for a test, or doing a lab experiment. These times quiet us, relax us, and most of all, they help us mature. They are important to us.

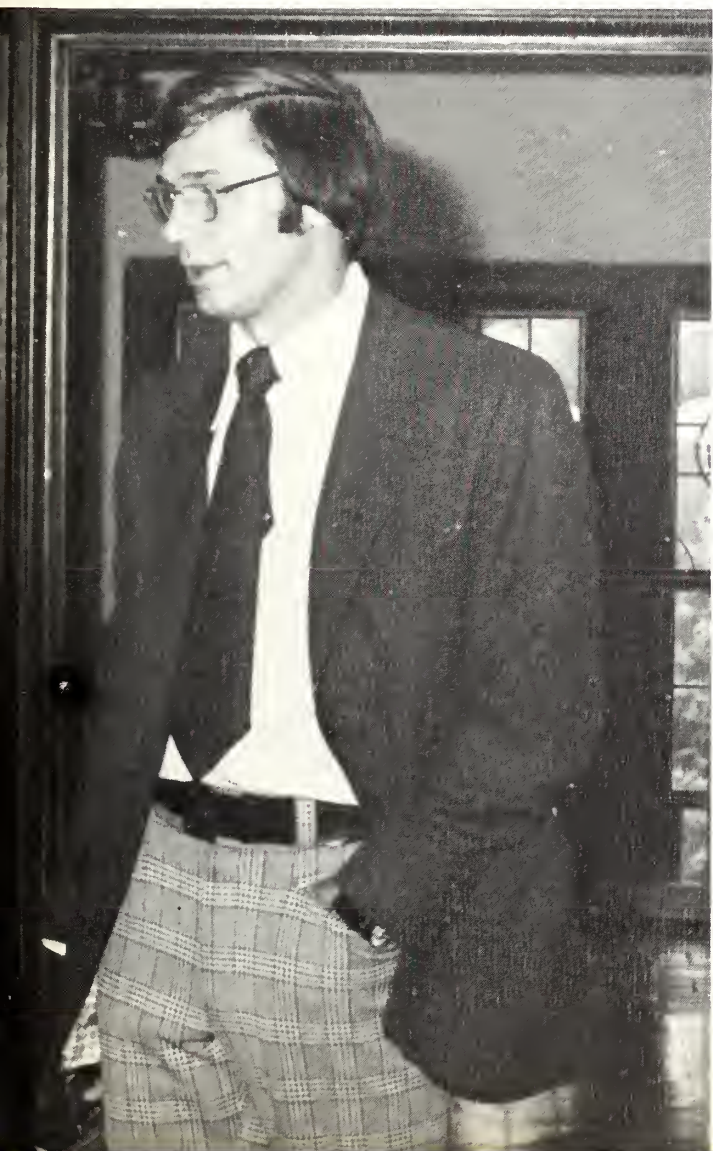

Religious Activities

In accordance with the philosophy and goals of Cathedral Prep, religious activities play an important role in the school curriculum. Thus each week, one of the four classes is provided with the opportunity to participate in the sacrament of Penance. On the following day, the class and one of the priests celebrates the sacrifice of the mass.

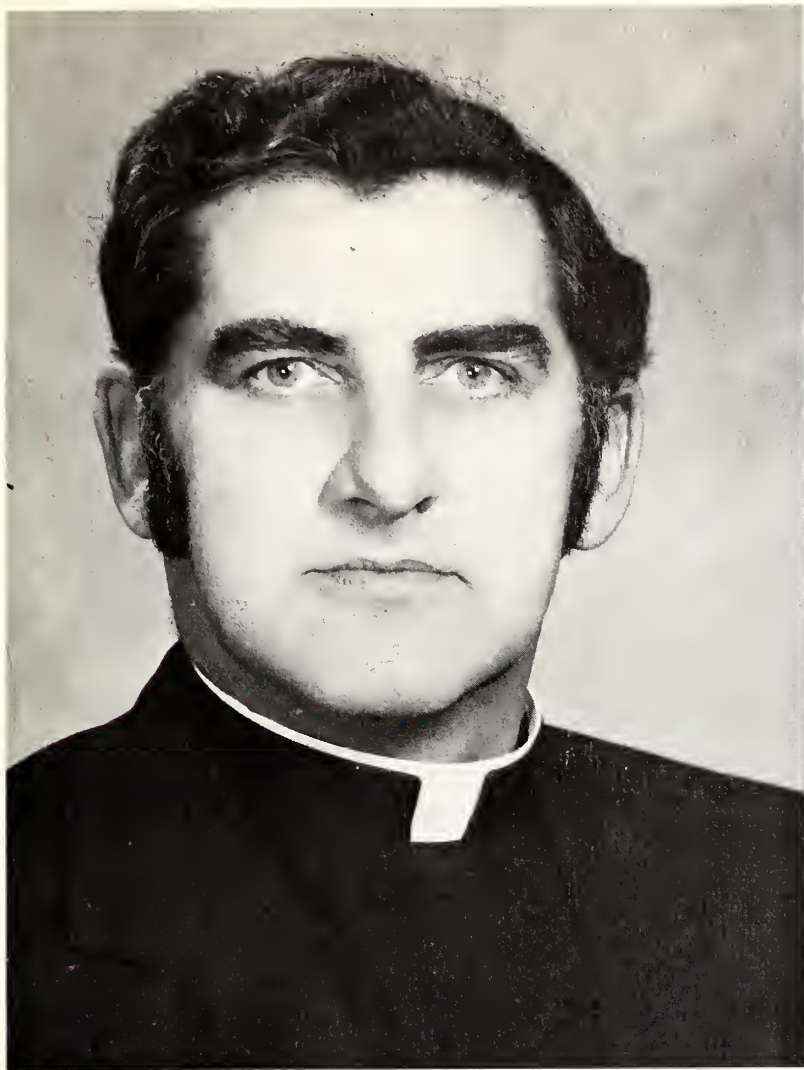

Faculty

Bishop Rev. Alfred M. Watson

Bishop Watson is wholeheartedly dedicated to providing a Catholic education to the young men of the Erie area. Thus, his interest in our school never wanes, and, when his schedule permits, he frequently "drops in" for informal visits with the students. In addition, he presides at Quarter Sessions assemblies, school masses, and at graduation. Indeed, he serves as an outstanding model for the young men of Prep.

Headmaster Fr. John M. Dollinger

In his third year as the senior administrator at Cathedral Prep, Father Dollinger continues the search for the best modes of educational and developmental experiences for the students. He has been very adept in his perceptions of the changing academic and social atmosphere, both locally and nationally, and he constantly improves the school. He views this immense task as vital and necessary to the maturation process of today's youth and embraces his obligations without reservation.

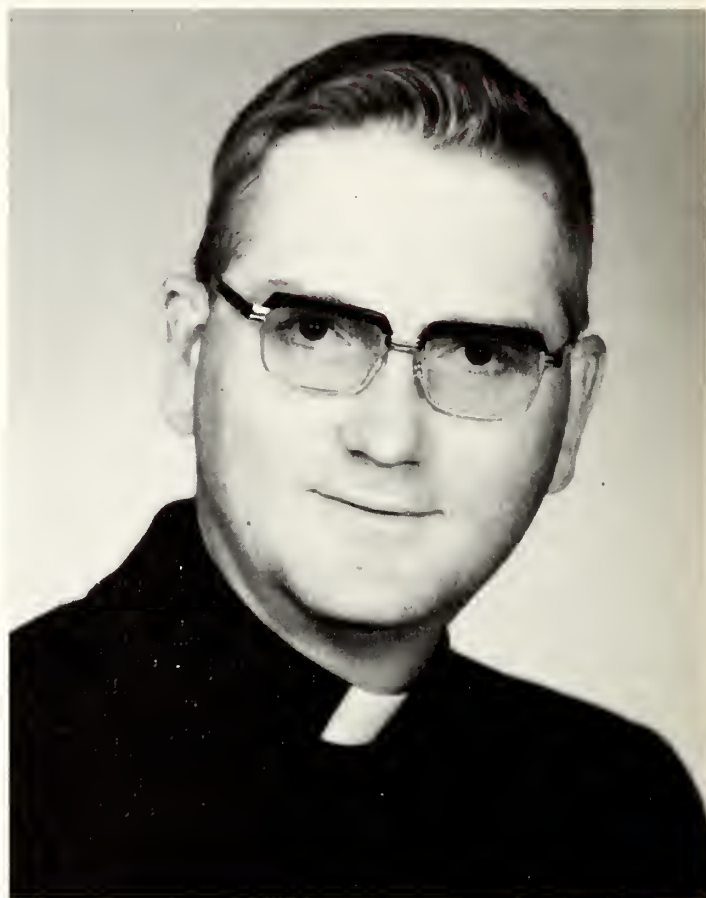

Assistant Headmasters

Fr. John W. Swoger B.A.

Father Swoger's capacity at Prep integrates a multiplicity of roles which as a rule are quite demanding.

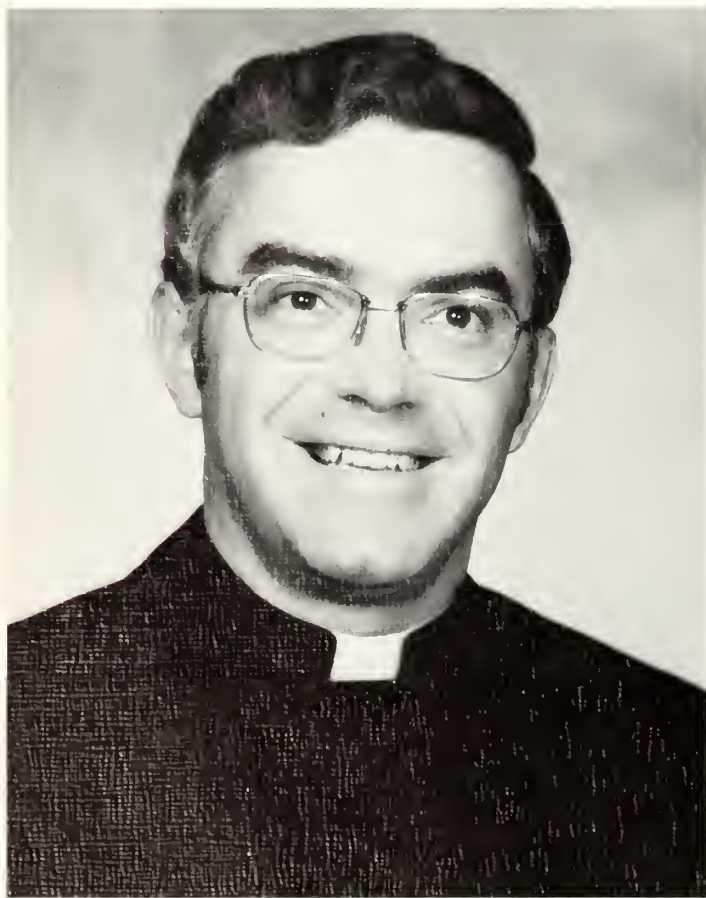

Father occupies the unenviable position as Dean of Students, an all encompassing challenge. In this capacity, he is responsible for implementing the student discipline codes and for coordinating all student activities. He is also the director for daily attendance and serves as adviser to the Senior Class. Branching out from the academic world, Father also directs the annual LITERULAE Patron Drive.

Fr. William E. Biebel M.A.

Father Biebel is an example of an administrator *par excellence*. His position is a challenging one as he encounters an ever fluctuating academic curricula which must be designed to meet the didactic and experiential needs of today's Prep student.

Being an individual who relishes a challenge, Father also involves himself as moderator of the National Honor Society, coordinator of the Student Government, and director of the chorus. Almost unbelievably, he also finds time to teach courses in German and the humanities.

Cross Country

Under the direction of its new head coach, Mr. Ronald Sertz, the cross country team ran away with a 9-2 won/loss record and a second place finish in city competition. Despite the loss of seniors Phil Heinlein and Dave Gianoni, Coach Sertz has high hopes for next year's squad. Dave Hennessy, who qualified in the state finals, and Jim Garfield are two of the top runners returning next year.

Golf

For the second year in as many attempts, Mr. Jerome Pohl has coached the golf team to the city and section titles. The graduation of seniors Joe Shugart, Mark Amendola, and Kerry DeMarco could possibly affect next year's team. However, underclass talent is readily seen in junior Dave Cousart's sixteenth place performance in the state finals at Penn State. Other underclassmen who look promising are junior Bill Fessler and sophomore Mike Kosinski. The team compiled a 12-1-0 final record.

Football

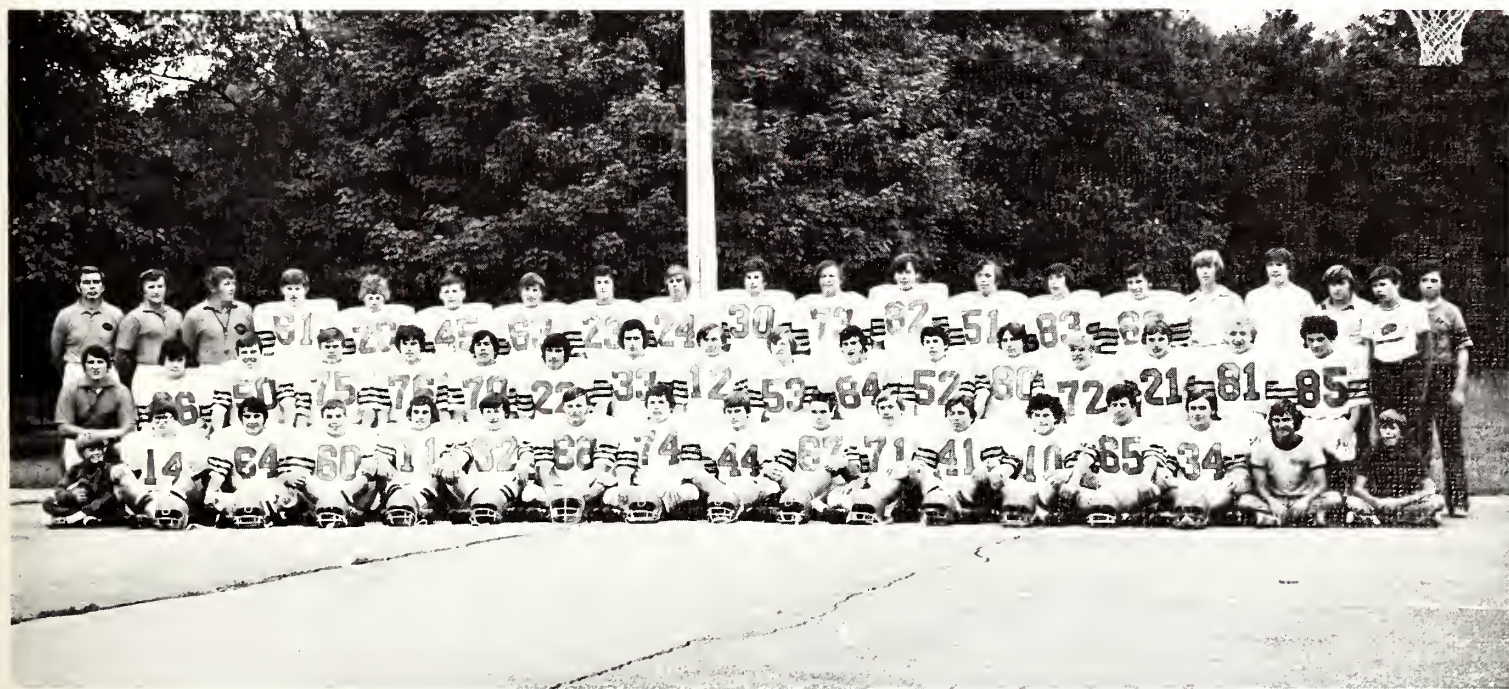

Varsity

Our orange and black machine, under the direction of Coach William Cutcher, has earned its third city title in four years. The Cathedral Prep gridiron specialists compiled an 8-1-0 won/loss record including a victory over McDowell, 13-7, which highlighted the year. Outstanding seniors on the team included Russ Madonia, Tim Tyzinski, Steve Wierbinski, and the duo of Rick and Bob Bengel. Returning next year to lead the Ramblers will be juniors Anthony Bozich and Mark Wilwohl as well as other promising young players.

Junior Varsity

With the annexation of his third city series J. V. football title, Head coach Mr. David Wenrick has again completed another successful season. Aided by new assistant coach, Mr. David Kordich, the team fought its way to an 8-1 won/loss record. The season was highlighted by a 16-6 victory over defending city champs, Tech. Outstanding performers were Fran Mifsud, Jim Canella, and Mike Piotrowski.

Freshmen

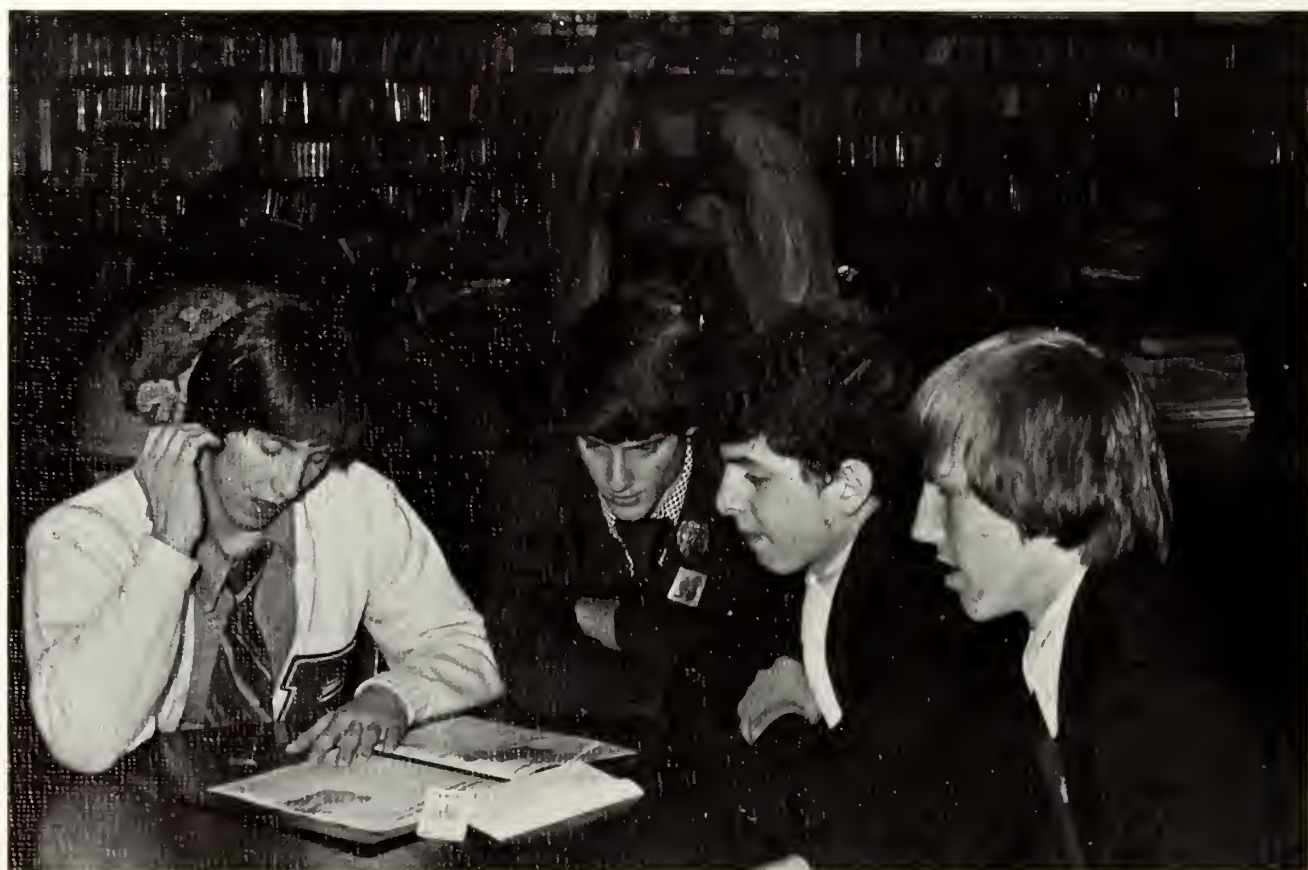

Sporting a fine 4-1-1 record, the Prep Freshmen team once again showed they have the potential for becoming a fine varsity team. Under Head coach Mr. Jack Pikiewicz and assistant coach Mr. Jeff Mace, the team followed the example of the varsity and junior varsity teams by climaxing its season with a 38-0 romp over Tech.

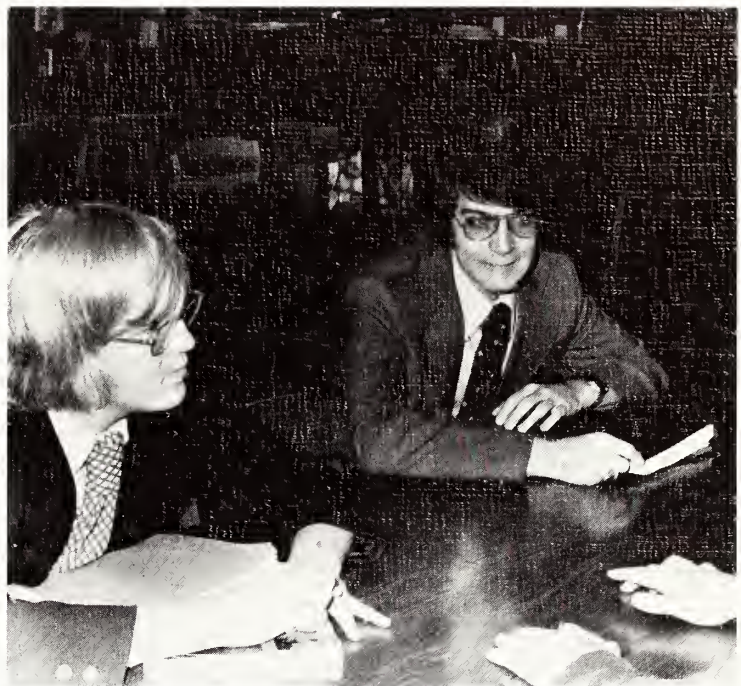

Student Government

Activities Committee

The Activities Committee implemented a successful scheduling of events throughout the year. Chaired by Bob Rugare, the nine members of this committee prepared rallies, bus trips, and special assemblies. Through their efforts, this year's activities calendar was well organized and was a benefit to the students.

Academics Committee

The Academics Committee has assisted with the improvement of the curriculum here at school in several ways. Headed by Miguel Centeno, the committee has improved many courses, and continued the development of the tutoring program. In addition, the members have worked with the faculty, acting as library aids, ushers, and assisting in the Middle States Evaluation program.

Problems And Discipline Committee

New this year within the Student Government is the Problems and Discipline Committee, a combination of what were previously Problems and Solutions and Student Discipline. Guided by Ron Barbato, the nine members take suggestions and complaints from the student body and investigate possible solutions and changes which will be beneficial to both students and faculty. To fulfill their newly added duties, they also meet with the Disciplinary Review Board to represent the students on the disciplinary measures at Cathedral Prep.

Bicycle Club

This year's Bicycle Club, under the direction of Father Robert Humenay, is one of the best in its history. The club has travelled some 1600 miles including a 900 mile trip to upper New York's Thousand Islands and Adirondack Mountains.

Since the opening of the school year, the club has made numerous short excursions on Saturdays including Panama Rocks, New York; Gudgeonville Covered Bridge, Fairview; Conneaut, Ohio; Findley Lake, New York; and a traditional jaunt around the Peninsula. These places may seem quite distant for travel by bike, but according to club members they are just warm-up exercises.

National Merit Students

Two students, Mark Bohrer and Phil Hirsch, achieved the status of being National Merit Semi-finalists this year. A small number for Prep, the decline was due to the raising of standards in scoring the Merit test. Because of this change, many students, who otherwise would have become semi-finalists, did not. These students, instead, became included in the group who received Letters of Commendation. Like Semi-finalist status, Commendation is also quite an honor. It ranks students in the top two percent of the nation.

National Honor Society

This year, Cathedral Prep's National Honor Society underwent major structural changes. In addition to being almost tripled in size, the Society elected officers and performed various innovative activities.

Moderated by Father William Biebel, the members became a major service organization for Prep. They comprised the major portion of student tutors for the Academic Committee along with acting as ushers for the many functions and activities at school.

Cathedral Prep Band

This year's Cathedral Prep Band has become an active and enthusiastic organization. Under the direction of Mr. Anthony Savelli and Mr. Roy Fronzaglia, the band gave talented and entertaining performances throughout the football season.

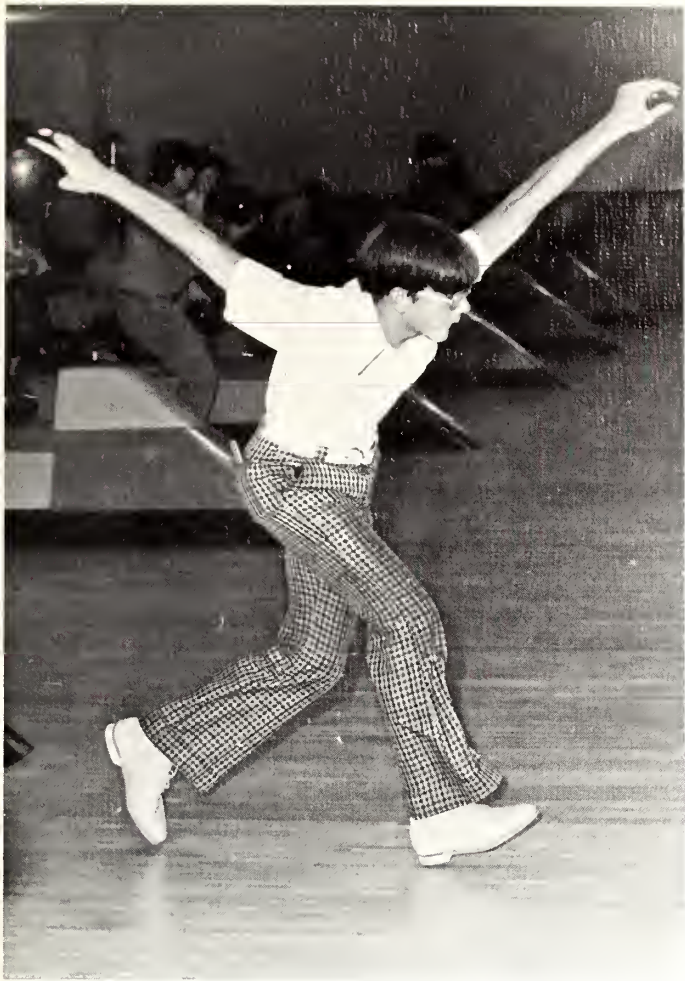

The highlight of the band's activities occurred on November 16 at Penn State University. The band participated in the "Band Day Ceremonies" and performed at the halftime of the Penn State-Ohio University game. To support its activities, the band has sponsored car washes, bake sales, concerts, and a Christmas "Blender." The band's Spring Concerts revealed the fine quality it is developing.

The band is already planning its schedule of activities for next year. It continues to increase in numbers and to grow in morale, and has remained an integral part of Prep's activities program.

Intramural Football

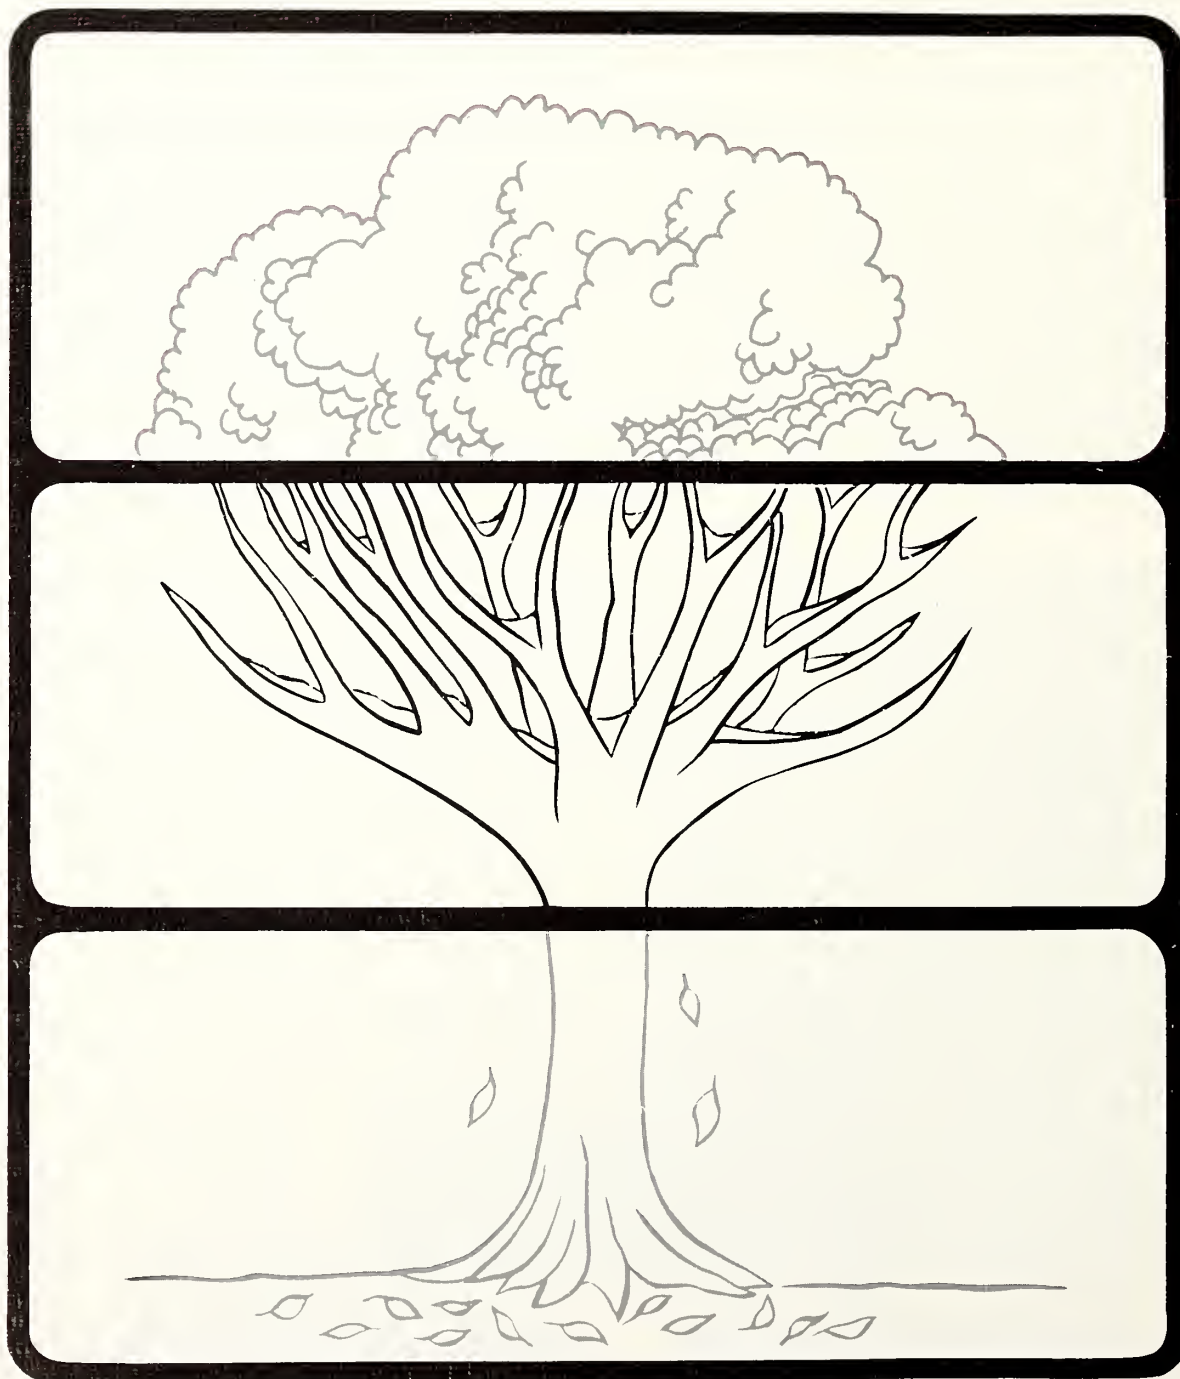

The Intramural Football competition closed after a grueling season with the GYM BAGS in first place. Linemen Bob Maras, Mike Kuhar, Ron Coleman, and Mark Ganska lead the team with fine blocking. The backs included Bob Rugare, Ron Balczon, Terry Fuhrman, Don Boetger, and Kerry DeMarco.

Bowling Club

The Prep Bowling Club, which meets weekly at Rolling Meadows Lanes, provides an inexpensive and popular recreation for the students. Friendly competition among the members provides the needed break from the routine of the demanding work of the school day.

Wrestling

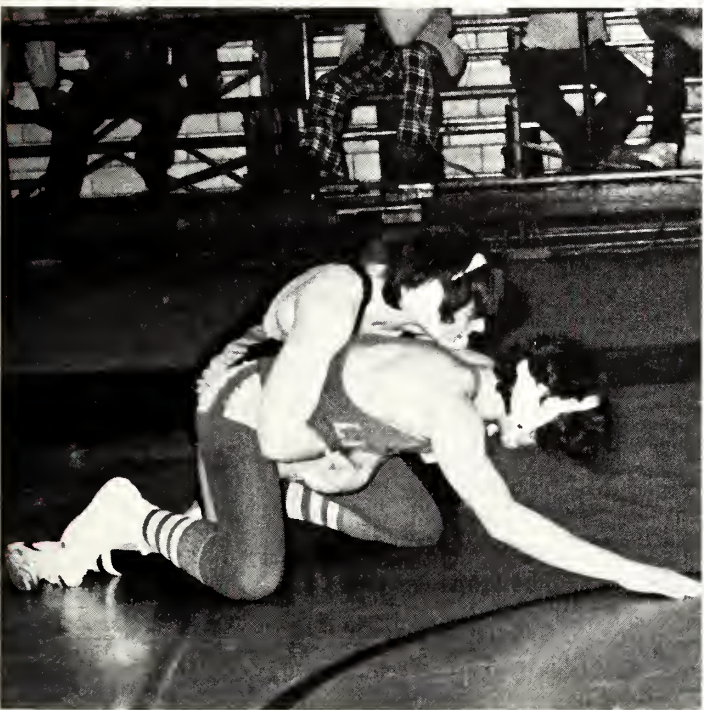

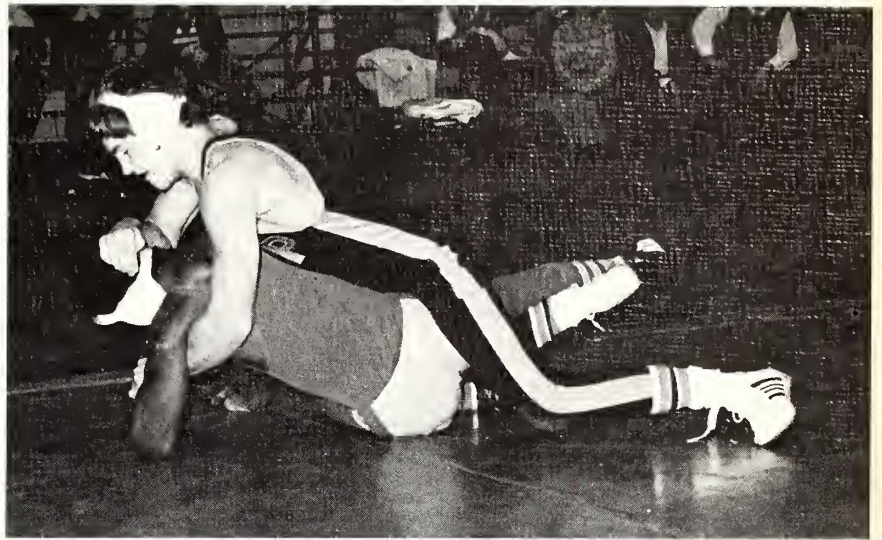

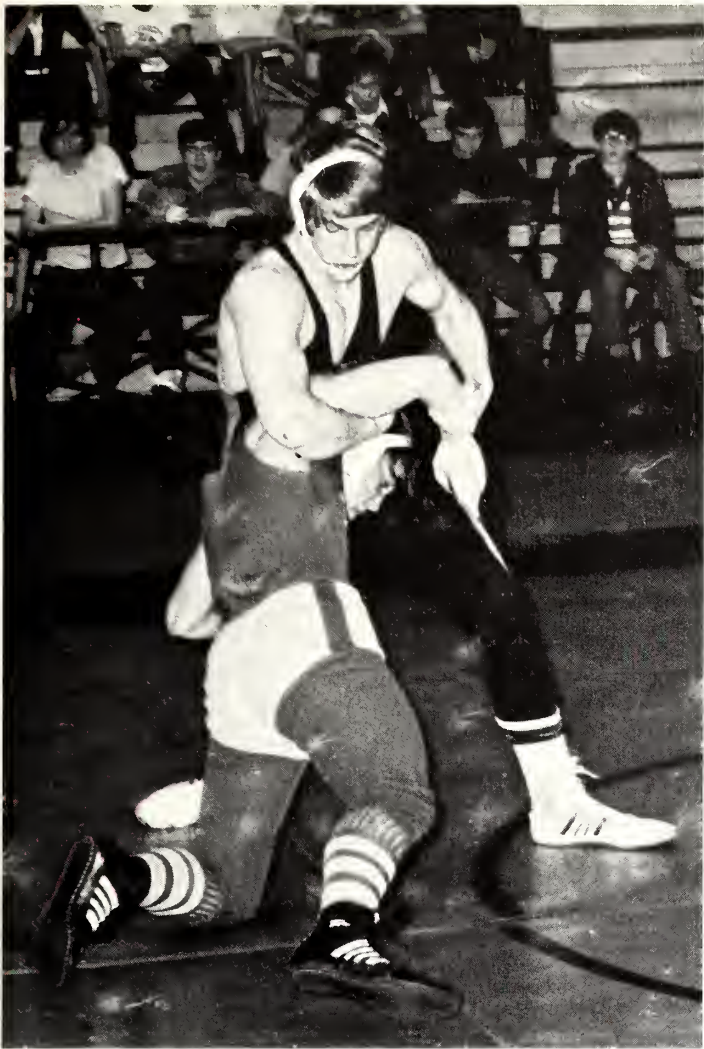

The Prep Wrestling team captured the District 10, Section 1 Championship in only its second year of P.I.A.A. competition. The squad, led by Section 1 Coaches of the Year John and William Pikiewicz, also grabbed city tournament honors. Individual city championships were won by Jeff Scibetta, Dan Borgia, Jeff Grode, Jim Viveralli, Joe Monocello, and Bob LoRusso.

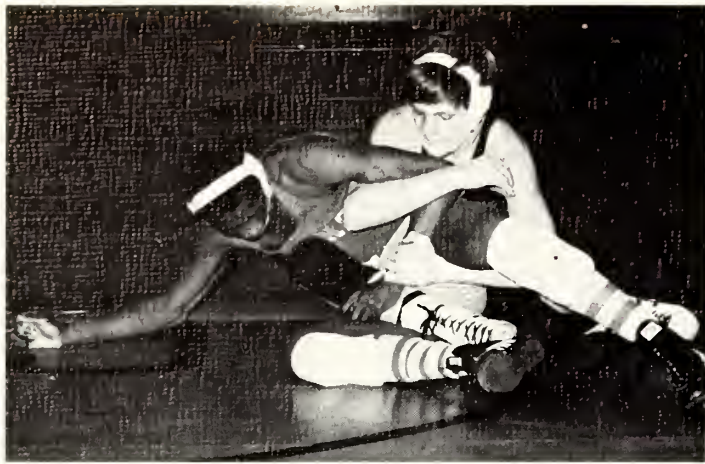

Next year's team, with such experienced juniors as Tim Means, Joe Monocello, Mike Rahner, and Jim Viveralli returning, should continue to dominate wrestling action in the area.

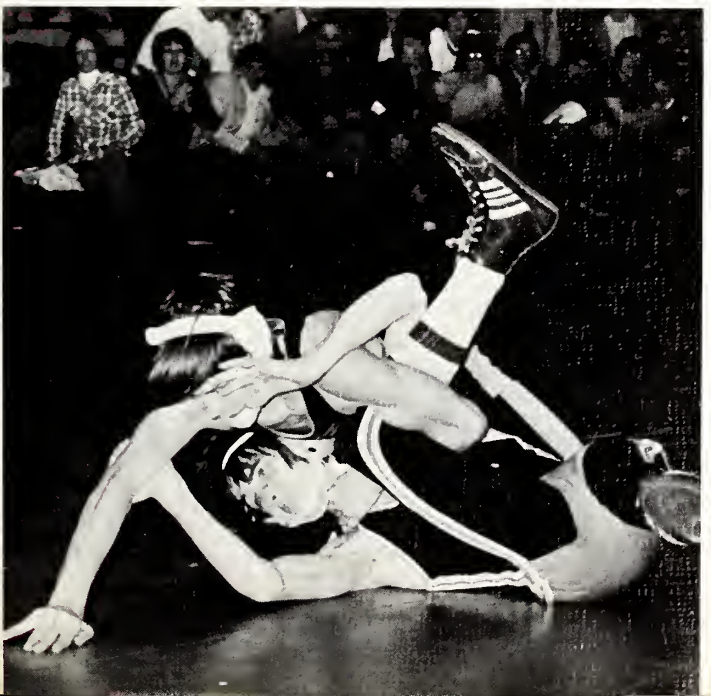

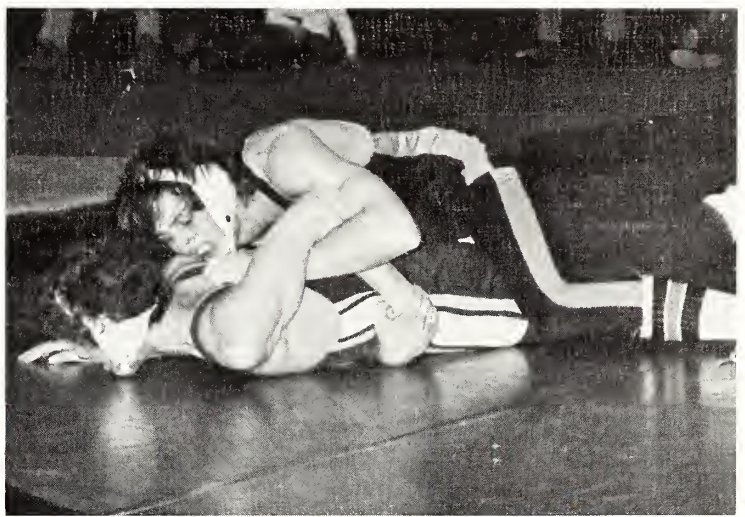

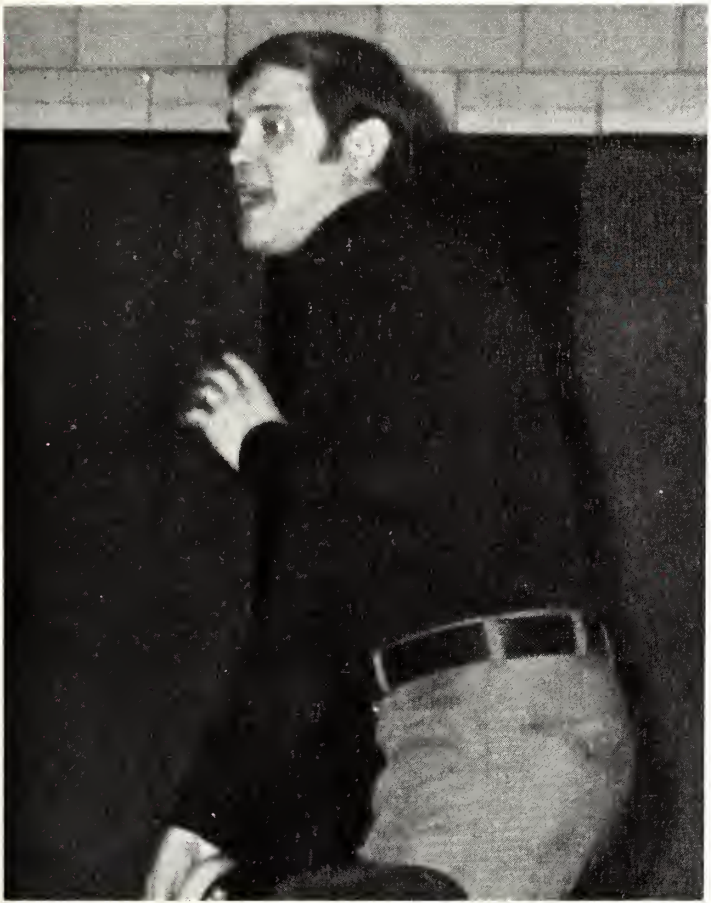

Climaxing the year was senior Bob Rugare's fine performance in the first Annual City/County All Star Wrestling Match. Bob won the City All Star championship in the 145 pound division.

Basketball

In only their second year in P.I.A.A. competition, the Ramblers surged to a first place final in District 10 playoffs with a 66 to 62 victory over last year's champions, Academy. Prep next continued its strive for the state finals by routing Hempfield 83 to 66. Prep's elimination finally came in the quarter final action against a tall Pittsburgh Schenley squad.

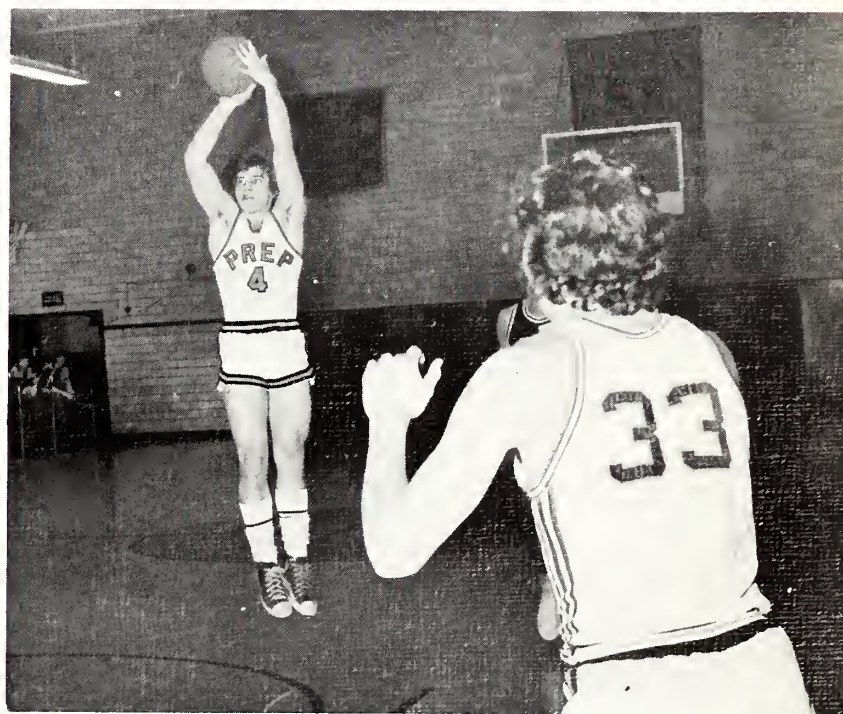

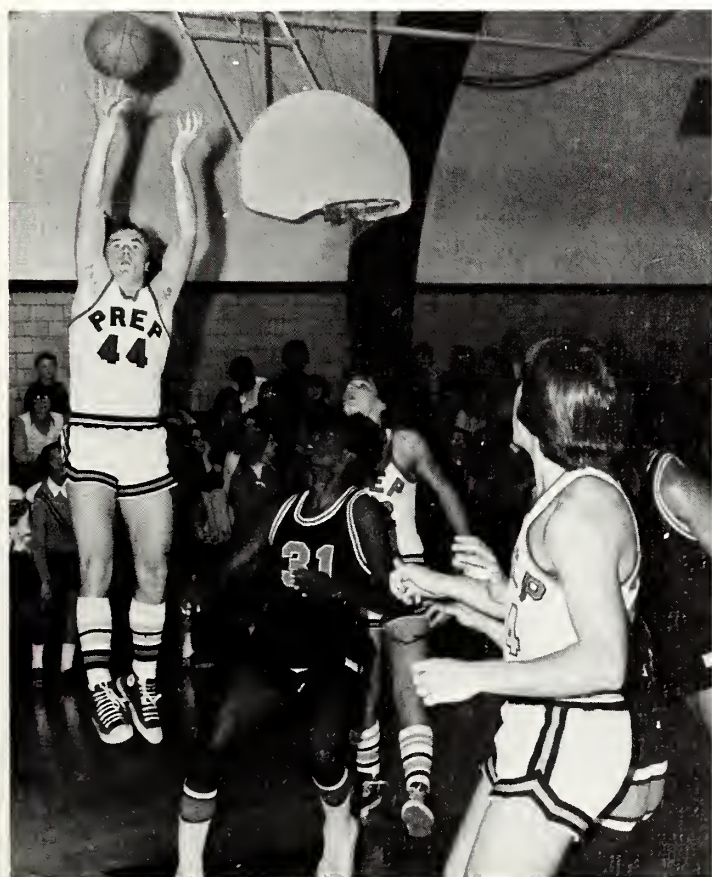

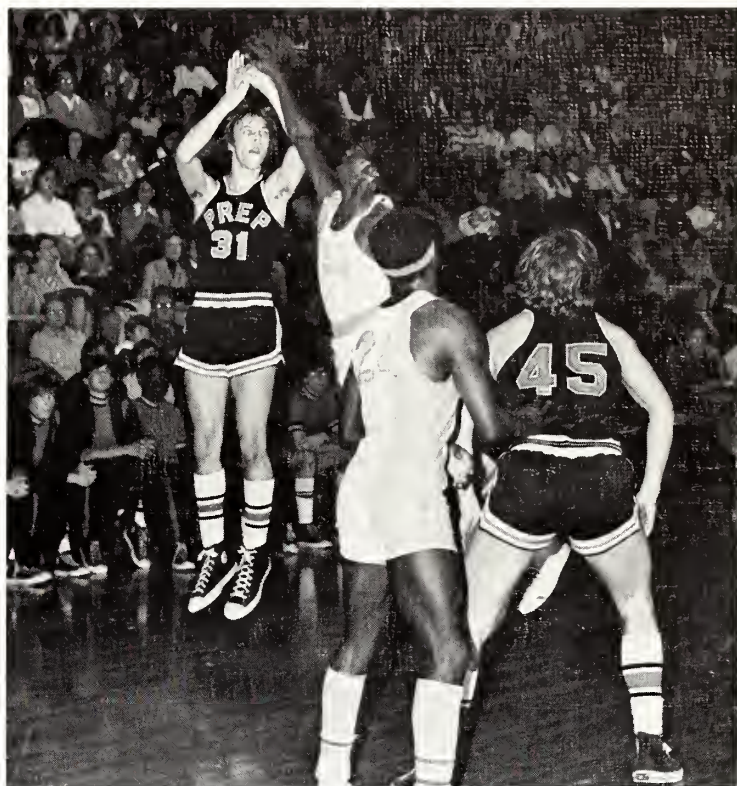

Numerous records were set by this year's basketball team including most games played by a District 10 team; most wins in a single season by a Prep team (tie); most assists in a single season by senior Mike Sisinni (181); and most points scored by a Prep team (1869).

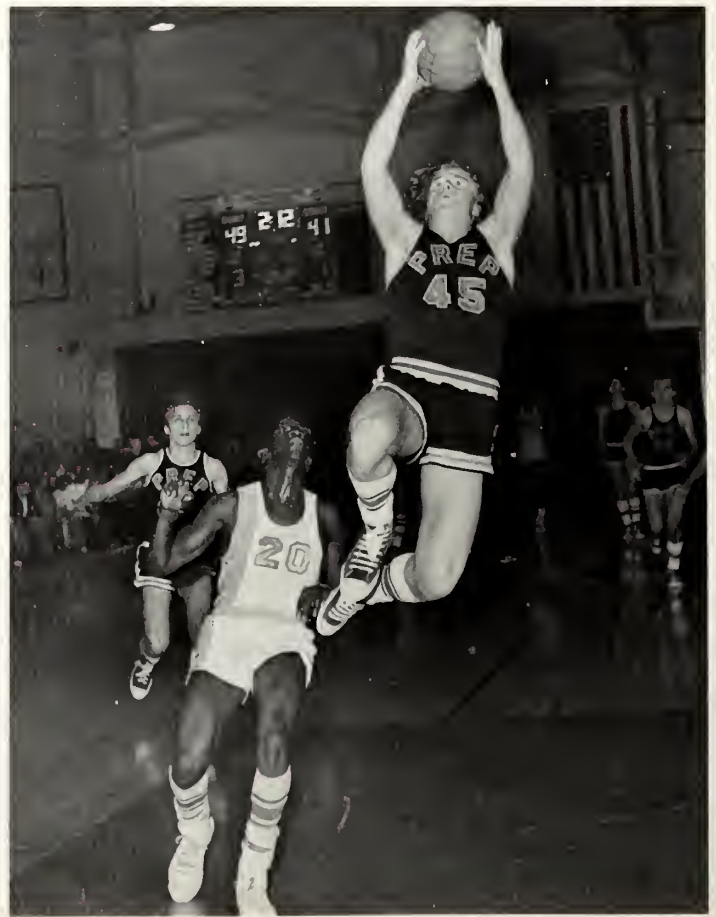

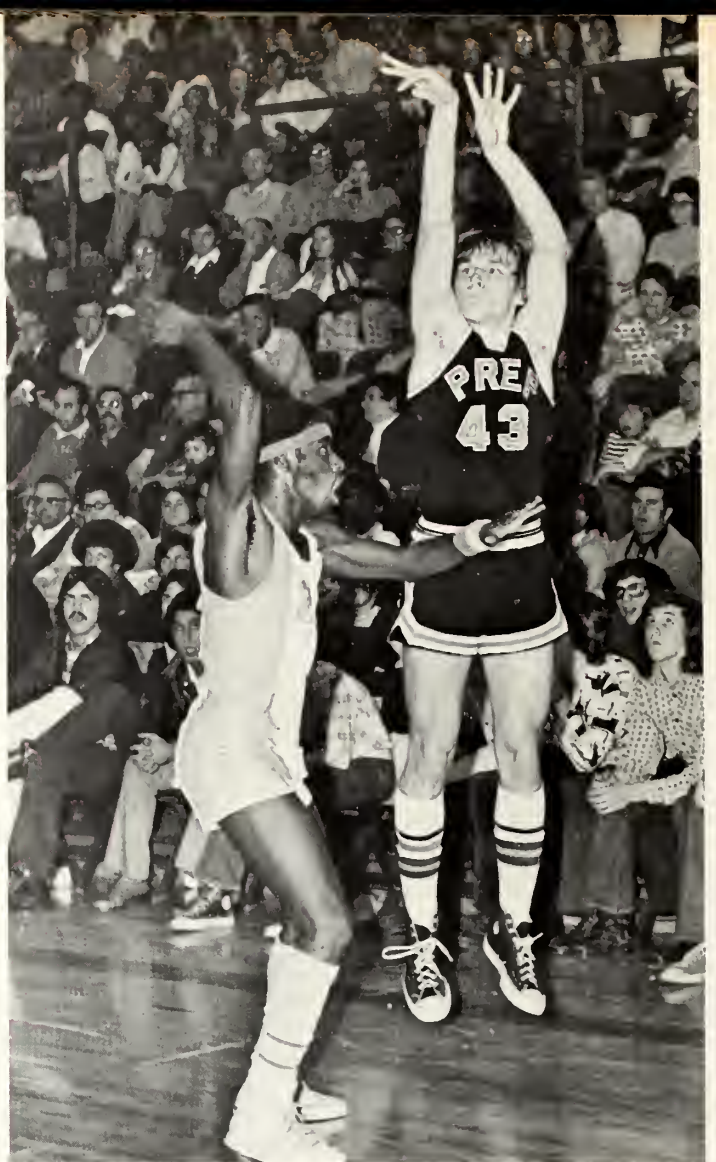

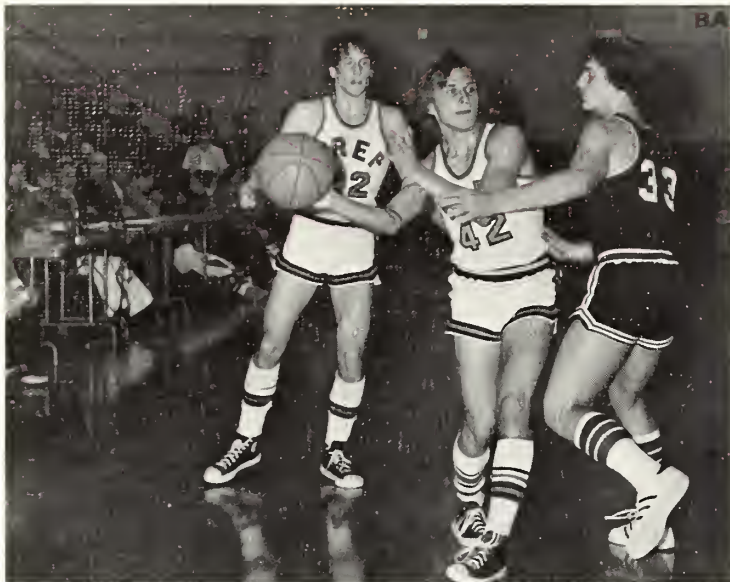

Outstanding players on this year's team included seniors Mike Sisinni, John Webb, Bob Bengel, Rick Bengel, Jim Feeney and Junior Dave Cousart.

Junior Varsity

With the completion of junior varsity basketball season, Head Coach, Mr. David Wenrick, has given Prep another city championship. Finishing at a 14-4 won/loss record, the orange and black "jr. dribblers" bounced their way to an unprecedented total of 8 city titles in 10 seasons. Although they dropped an early season loss to McDowell, they highlighted their season with a 54-48 revenge victory at the Gannon Audi over McDowell. Gaining praise from Coach Wenrick for their fine work this year were Tom "Smoke" Smorgorzewski, Ed Clark, and Fran Mifsud.

Freshmen

Following in the tradition of the varsity and junior varsity, the freshman basketball team showed great promise for future Prep teams. After finishing their season at a 21-2 record, they have not only won the most games in one season by a freshman team, but also have recorded dual victories over all city schools for the third consecutive year.

While posting an average, offensively, of 60 points per game and only giving up 33 points per game, they have gathered a 4 year record of 74-4. Head coach Mr. R. R. Sertz has cited Dave Curtis and Dave Kosobucki as future varsity hopefuls.

Water Polo

The Cathedral Prep Water Polo team, led by seniors Charles Dailey, John Bauman, and Jim Fischer, captured the city and section titles this year going undefeated in both slates. Their only loss of the season came at the hands of Jamestown early in the year.

Although our poloists had to adjust their style of play to meet the new rules, they came through with flying colors. With the fine coaching of Mr. John Vrana and Mr. Thomas Semple and such underclassman talent as Bill Dailey and Pat Budney, next year's team should again be on the top of the city.

Swimming

Cathedral Prep's swimming team, under first year coach Mr. John Vrana, captured both the city series and Metro League races. Mr. Vrana and his assistant coach, Mr. Thomas Semple, have now gathered their second city championship this year.

Cited for their outstanding performances this year were Charley Dailey, Billy Daily, and Pat Budney. With such underclassmen talent as Ed Verdecchia, Dave Robie, and Tom Dailey, "Vrana's Piranhas" should again dominate all competition.

Intramural Basketball

Chess Club

In keeping with the fine traditions and high ideals of Prep, the Chess Club has once again enjoyed a successful season. Highly respected by the other clubs and organizations, the Chess team is a fine asset to the intellectual atmosphere at school. At their weekly meetings, the members of the club discuss the more sophisticated strategy of the game and then engage in inter-team competition. In its interscholastic competition, the Chess Club members attained another winning record.

Chemistry Club

This year's Chemistry Club is one of the more active and well-organized in its history. The club attempts to provide interested students with the opportunity to pursue a special-interest area of science. The bi-monthly meetings provide a wide range of activities. One month, members might be working on electro-plating, while another time, the group might be experimenting with pyrotechnics. Lastly, as an adjunct to the lab activities, the members frequently research and discuss various career aspects of chemistry and the chemical field.

Like the *Literulae*, the appearance and content of The RAMBLER has matured since it first began changing a year ago.

To say a newspaper is composed merely of words on paper, is to speak archaically of today's quick-paced, graphic-oriented journalism. Pictures, headline styles, art work, and copy blocks are all necessary to provide excellent eye appeal. A seemingly insignificant black line or gray screen can make a vast difference to the reader's eye, and can change a dull page into a stimulating experience. Each of this year's ten publications show an increasingly deft use of graphics. The reader can also notice a decreasing rigidity of lay-out, even on the quite structured editorial page.

But producing an excellent school paper encompasses more than graphics, for after an article has caught the reader's eye, there must be substantial content. Innovating this year, The RAMBLER added three "personal" columns by the editors expressing opinions on academic and athletic, serious and light topics. Also, feature stories were allotted more space, providing more coverage for the varied student activities.

Bill Trabold, News Editor

Cathedral Prep's first production of the dramatic season was *Our Town* by Thornton Wilder. Set in small town New Hampshire, the plot revolves around a person's taking the simple pleasures of life for granted and not realizing their value until deprived of them.

The play consists of three acts aptly sub-titled "Daily Life," "Love and Marriage," and "Death." The audience is taken through these incidents by an omniscient narrator. In a most poignant final scene, the narrator permits Emily to return to the living world on her twelfth birthday. Viewing the action, as well as participating in it, she is shocked into an awareness of how quickly life passes. For her, this realization is too late, but she urges the audience to use its time to the fullest.

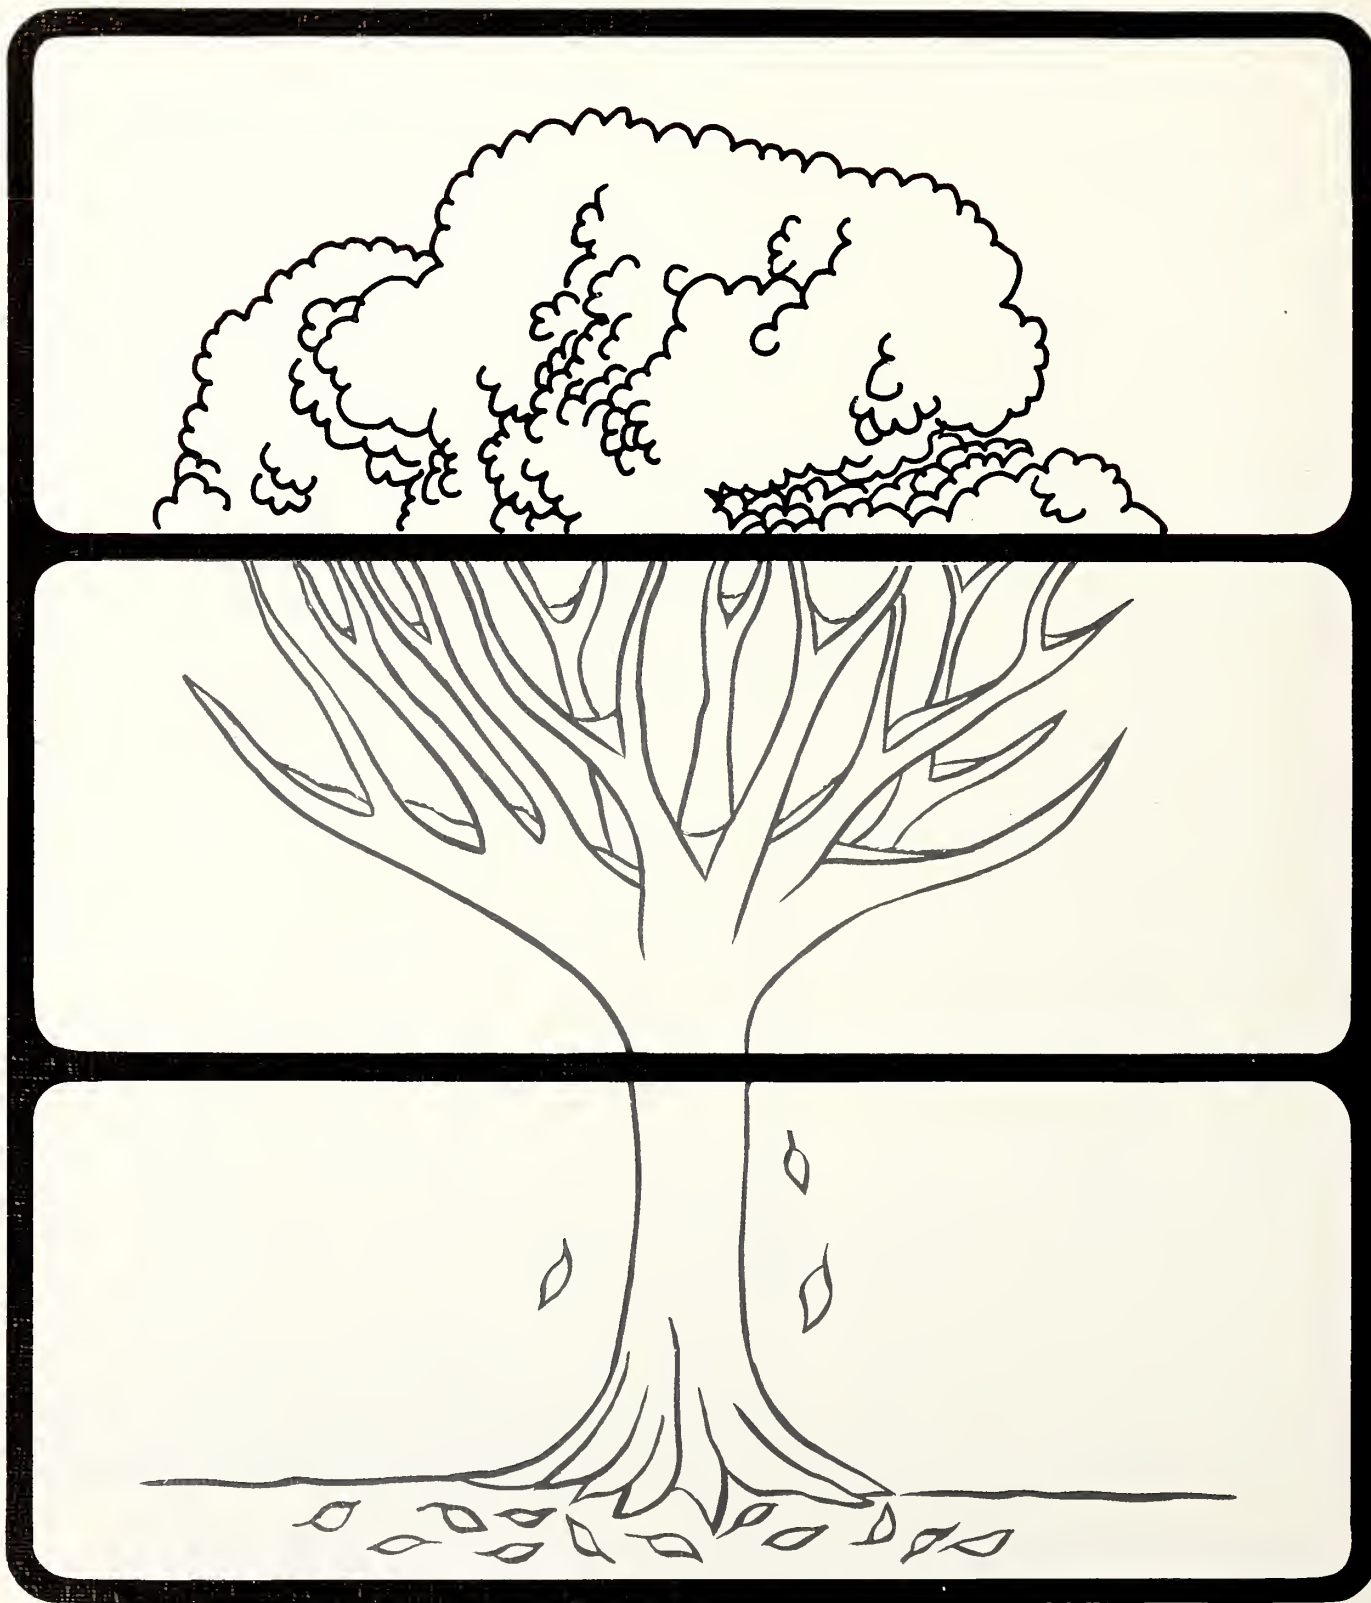

Not using a conventional set required the audience to use its imagination as the actors pantomimed their actions. The only props employed were two tables, some chairs, and two ladders. Directed by Father David Rubino, the play was very well received by the general public.

Baseball

The Cathedral Prep Baseball team again completed another outstanding year under the direction of head coach Mr. Louis Ensani. This year's team was noted for their fine hitting and fielding. Leading the team in battle were seniors Mike Sisinni and Mark Ganska with Ron Balczon, Tom Rosselot and Matt Alexa in charge of fielding duties. Juniors Mark Esser, Mike Nathal, and Tim Armenini were very instrumental in this year's season and are expected to be the leaders of a championship team next year.

Track And Field

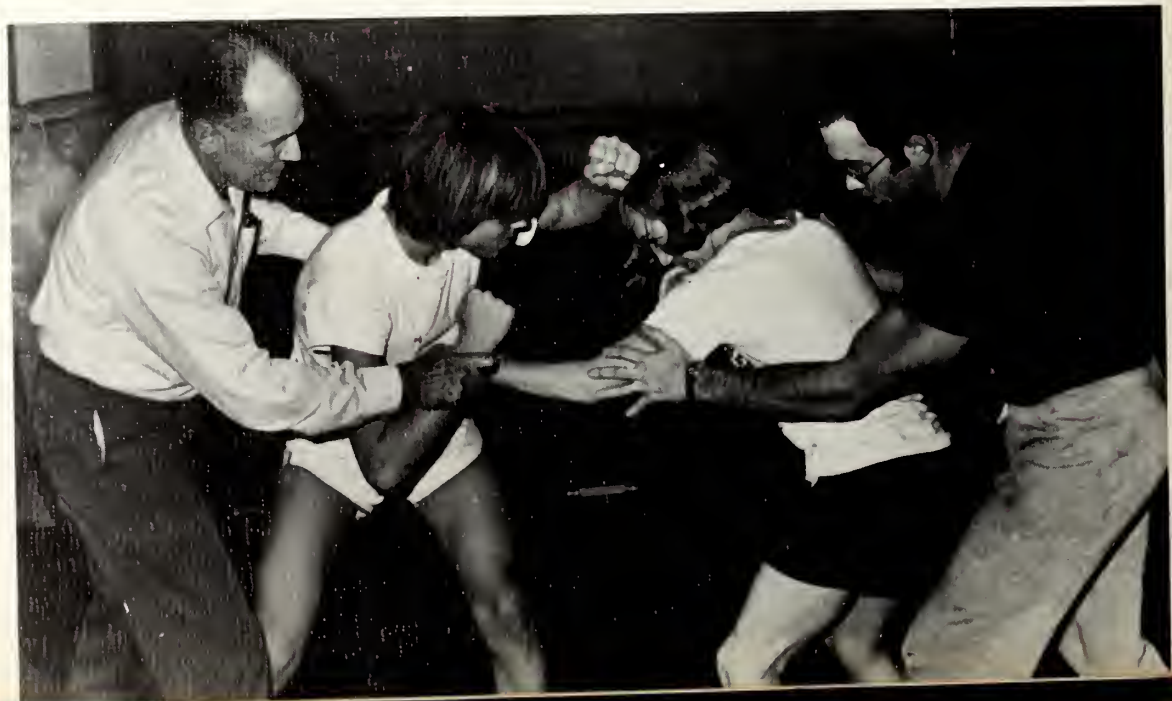

The Cathedral Prep Track Team, under the leadership of new head coach Mr. Anthony Zambroski, continues to compete in fine style this year. Mr. Zambroski, along with his assistant coaches Mr. Thomas Calabrese and Mr. R. R. Sertz, commented on the hard work of the senior-led squad. Tim Tyzinski, Tom Moske, Jim Feeney, Jay Simon, Steve Callaghan, and Bob Meade were among the many standouts who continue to give Prep another successful year in track and field. Hopefuls for next year's team include Jim Garfield, Dave Hennessy, and Mark Granahan.

St. Pat's Day Boxing

Fishing Club

The Fishing Club, which appeals to the outdoorsman, was a new addition to Prep's line up of activities. The club was organized by Mr. James Scharrer and provided students the chance to catch the "big one." In the autumn and early fall, they fished for trout and salmon in nearby Erie County streams. Then in winter, the members took to the ice for Lake Erie Perch.

Photography Club

After a decline of interest for several years, the Photography Club has once again become an active and viable organization. The 15 members under the guidance of Mr. Richard Howells study the many skills of photography, including developing, printing and special effects. To add to their experiences, the members frequently viewed films from Kodak's film library.

(Kneeling) P. Zadeh, M. Fuhrman, D. Sims, F. Zadeh, (Standing) Fr. C. Wozniak - Head Coach, J. Walker, T. Dailey, J. Patton, P. Simon, J. Scolio, D. Wagner - mgr., M. Buseck, D. Cohen, J. Brzozowski, M. Buseck, C. Dailey.

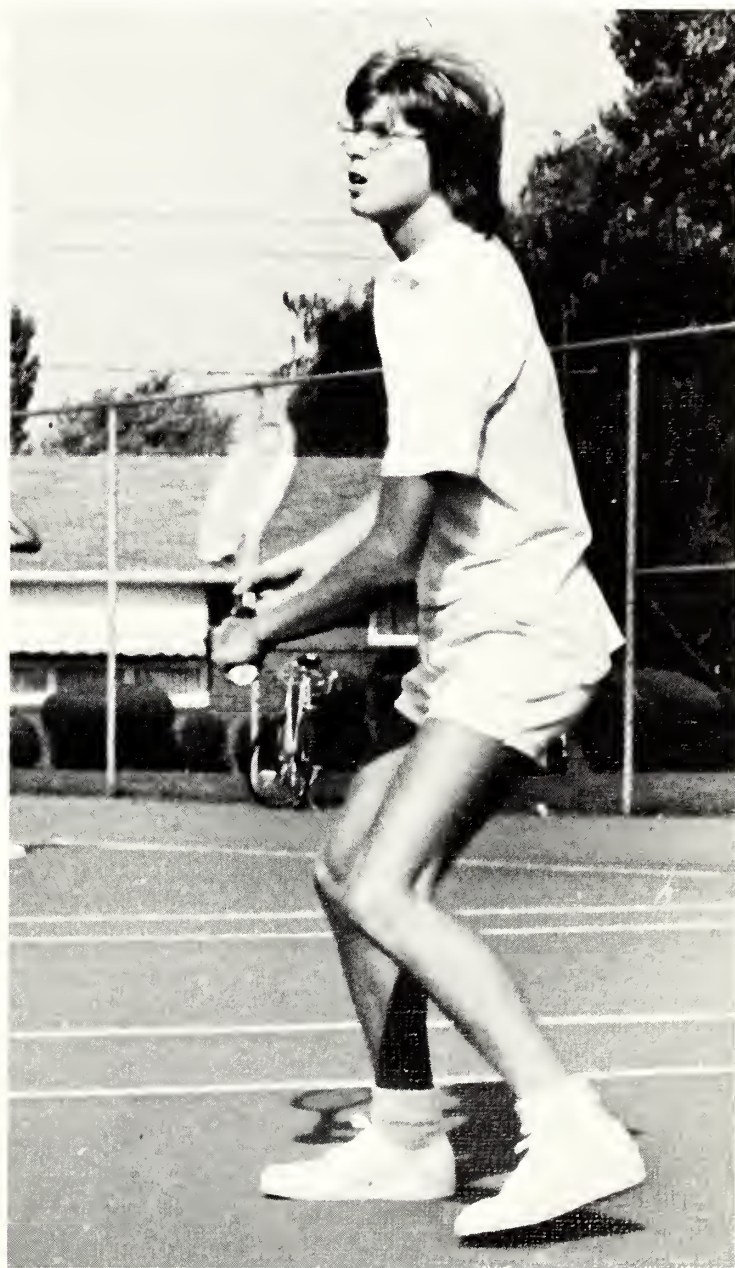

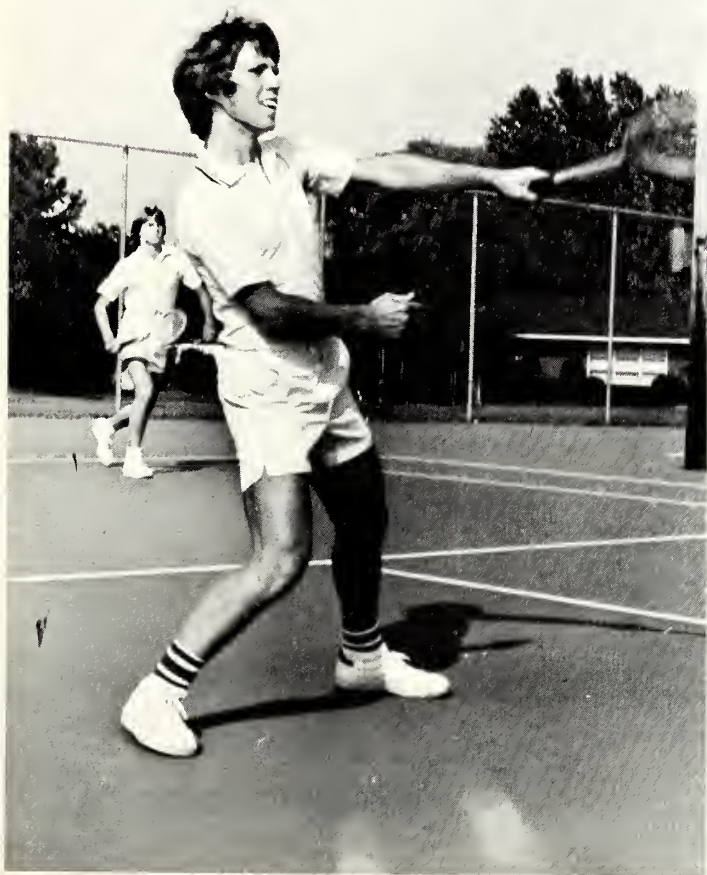

Tennis

The fine play of brothers Chuck, Tom, and Bill Dailey and Mike and Mark Buseck greatly aided the tennis team with its season. Other outstanding netmen included John Walker and Mark Fuhrman.

Coached by Father Casimir Wozniak, the team continues to display excellent ability and style as it once again completes a fine season.

** Forfeit

One statement can describe the 1975 *Literulae*—it has changed. From the cover to the last page a new look has taken over. Concentration centered around lay-out designs. This resulted in a very professional, magazine appearance. The enormous success of the Patron Drive allowed for the senior section to be in color. Because of this, fewer special effects on the black-and-white pictures were added—a cluttered yearbook was not desired.

The most noticable result in re-vamping the yearbook was doing away with the standard content divisions. By studying the cover, the seasonal theme and seasonal divisions of the book can be understood. In the main body of the book, each section is introduced by its own table of contents with an emphasized repetition of the cover design producing both consistency and unity.

The book cannot be looked at superficially. It will take time to comprehend the new format. Once understood, though, realization of the book's uniqueness and success will take place.

Model U. N.

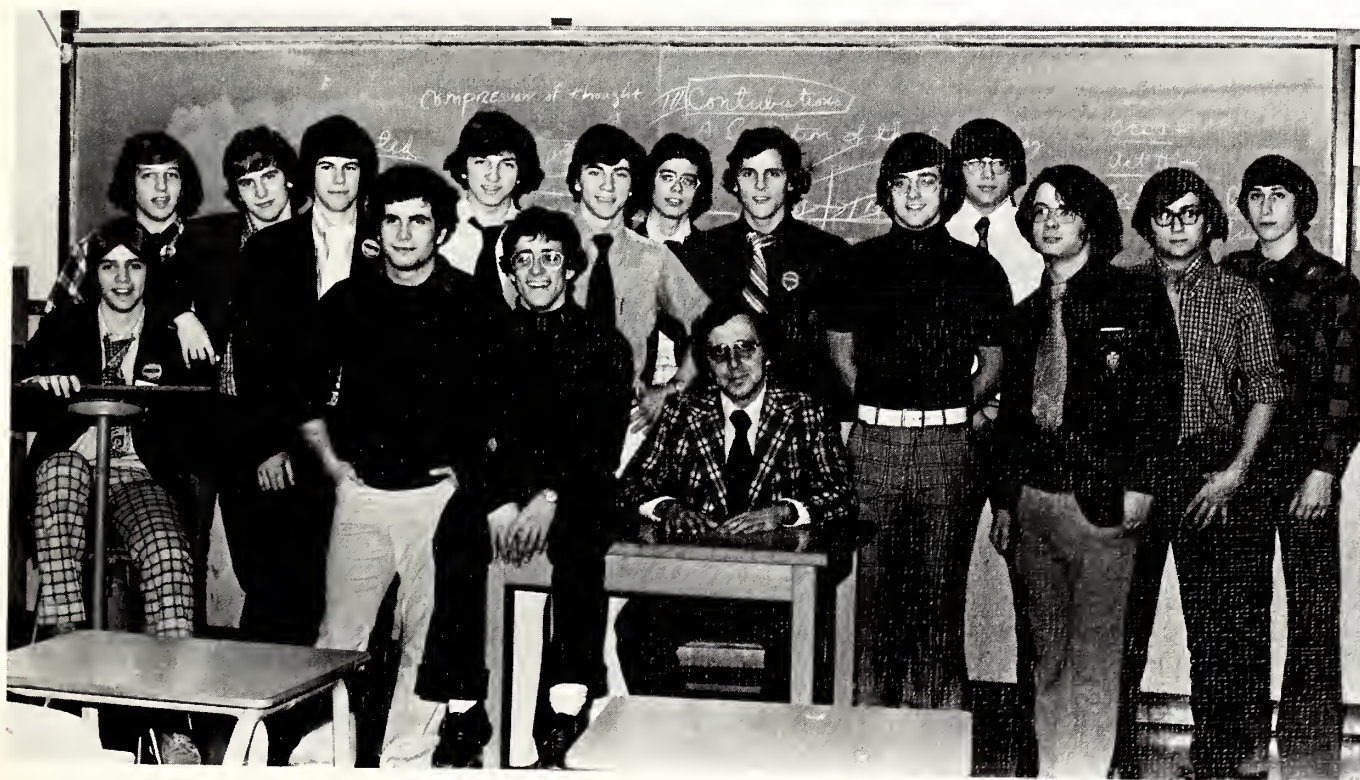

The Model U. N., one of the most active organizations at Prep, gives its participants a feeling of international government as seen through United Nations policy. Advised by Mr. Thomas Kalista, the organization participates in the annual Model U. N. Assembly at Gannon College. At this simulated conference, numerous schools represent the individual countries of the world and attempt to resolve world problems. Bloc meetings are held by area schools to prepare bills of legislation hopefully to be passed at this assembly. If passed, the bills are referred to the United Nations in New York City for further debate.

This year's delegation represented Bolivia at the assembly and senior Michael Buseck and junior James Satrape were awarded first and second place respectfully in the essay contest. Their papers dealt with the future role of the United Nations in world policy.

Because of their success at Gannon, the Prep delegation also attended the Model U. N. assembly at Georgetown University in March.

Rifle Club

The main objectives of the Rifle Club this year were to promote public safety and to educate and train citizens in the safe and efficient handling of small arms. Members of the club met at the rifle range, in the indoor track, each Saturday morning. To insure safety of all, members wear a heavy canvas jacket while shooting. Also, ear pads are worn to muffle the noise. Most competition is intra-club, with one trophy shoot each season.

French Club

Under the aegis of Sister Regina Marie and Mr. Jeff Mace, the French Club was quite active throughout the year. Video tapes, and films as well as guest speakers were utilized at meetings to acquaint the members with the history, culture and peoples of France.

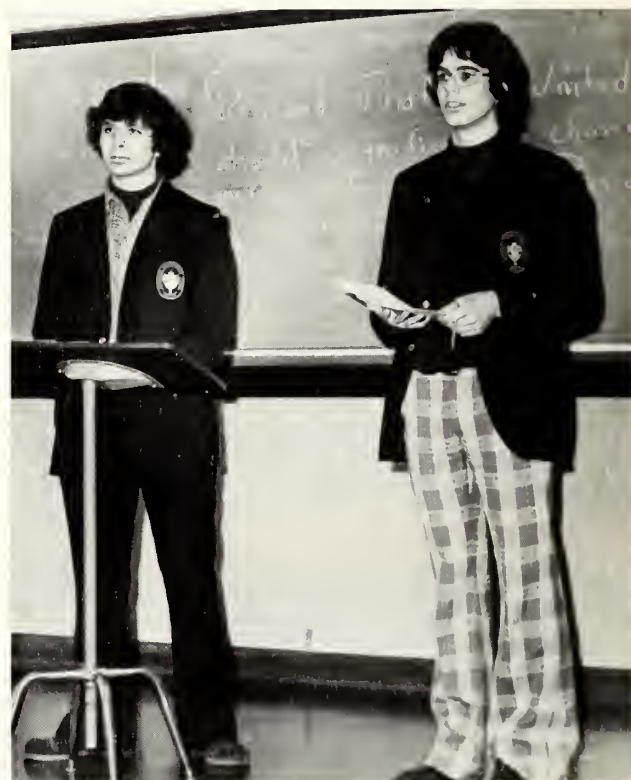

Ski Club

The Ski Club enjoyed a fine year with the largest membership in its history. On its weekly treks to nearby *Peak'n Peak*, several of the members took lessons while the more experienced spent the evening in free skiing. Interest in this rapidly growing sport is attested to by its ever increasing membership.

Debate Club

The Debate Club is designed to instruct its members in the ability to speak well and reason logically when under questioning. Directed by Father Raymond Hahn, the club was the most active participant in the Forensics League. Twenty members make up the three divisions: varsity, junior varsity, and novice. They competed monthly with other schools in practice debates and participated in the regional tournament of the Pennsylvania High School Speech League.

Jazz Band

A delightful and talented branch of the Prep Band was the newly reorganized Jazz Band. Under the baton of Mr. Roy Fronzaglia, the band practiced numerous hours after school and was invited to perform at numerous public events in the Erie area. The Jazz Band played for Prep's home games and provided entertainment for the Erie Classic Basketball Tourney and many Mercyhurst College games. Through these and other activities, the Jazz Band has been able to add to its fund drive for a trip to Penn State next year.

Historical Society

The Prep Historical Society provided interested students the opportunity to pursue projects of an historical nature beyond the limits of the classroom. One of its goals was to bring domestic and world issues to the attention of as many students as possible. To do this, the society sponsored the annual Thanksgiving Assembly. Through readings, poems, and songs, members related the traditional American celebration to the increasing world food crisis.

It is finally over—the long hours working after school, the many Sundays spent in the journalism room, the frantic rush to meet deadlines. After all of these headaches, the supposed “thrill” of working on the yearbook does not exist. But, the pride does—the pride of knowing that it was our efforts that went into publishing this book.

Many people contributed in making the 1975 *Literulae* a reality. There was, of course, the main core of the staff—Bob, Bill, Ron, Ken, Jeff, and myself—who combined various talents successfully to create this yearbook. Material was given to us in the form of pictures by Joe, Keith and the other photographers. Their work in taking, developing, and printing photos was irreplaceable. The administration must also be thanked. They let us expound on our innovations and aided us in the Patron Drive. Above all, Mr. Allison must be congratulated. He advised us best, helped us most and put up with our zaniness throughout the school year.

The yearbook is completed. It is different. It is about you and for you.
